

The new  
BMW 120d 3-door

The Ultimate  
Driving Machine

Broad Oak

**With classic BMW handling, you will want to keep driving it.  
With over 640 miles\* between stops, you can.**

Every BMW is engineered to deliver exceptional driving dynamics and, with a powerful 2.0 litre turbocharged engine, excellent handling and zero to 62 mph in just 7.5 seconds, the 120d certainly delivers.

With these performance credentials you would usually expect to compromise on fuel economy but, thanks to BMW's EfficientDynamics technology, the 120d has a CO<sub>2</sub> emissions rating of just 128 g/km and is capable of returning 58.9 mpg on the combined cycle, leaving you free to enjoy the unparalleled driving experience for longer.

Looking at the examples below, the figures speak for themselves.
