## WITH ITS LOW RUNNING COSTS, LOW CO<sub>2</sub> EMISSIONS AND FRUGAL FUEL CONSUMPTION, A MINI MAKES PERFECT BUSINESS SENSE. AND FOR THE COMPANY DRIVER, MINI DRIVING ENJOYMENT PUTS THE "PERK" BACK INTO COMPANY CARS.

All MINI hatch models have just received technological revisions that result in jaw-dropping performance and efficiency figures.

It's a diesel but not as you know it. With over 600 miles on one tank<sup>†</sup>, and emissions lower than a snake's belly, the all new MINI Cooper D qualifies for a puny road tax of just £35 and still packs plenty of punch.

With 260 Nm of torque<sup>‡</sup>, and a new six-speed transmission that makes crisp work of gear changes, you'll be in for an exhilarating ride every time you get behind the wheel.

And as if that wasn't enough, every new MINI comes with a three year unlimited mileage warranty as standard, including Emergency Service.
